

Weekly Media Monitor

May 05th - May 11th, 2025

This week's major news updates in Pakistan's energy sector include:

- ➔ National Electric Power Regulatory Authority (NEPRA) reduces electricity tariffs by 1.55 rupees per unit under a quarterly adjustment.
- ➔ Rooftop solar installations, driven by 16 gigawatts of Chinese imports, leads to 4.9 gigawatts of net-metered capacity by March 2025.
- ➔ Coal-fired power plants receive 69 billion rupees in capacity payments due to inefficiencies in the power sector.
- ➔ Pakistan launches its first Green Sukuk (Islamic bond) to raise 20–30 billion rupees via the Pakistan Stock Exchange to fund environmentally sustainable projects.
