

Weekly Media Monitor

April 1st - 7th, 2024

This week's major news updates in Pakistan's energy sector:

- The National Electric Power Regulatory Authority (NEPRA) imposes a fine of 250 million rupees on five power distribution companies for carrying out unannounced power outages.
- Chief Executive Officer of K-Electric (KE), Moonis Abdullah Alvi, announces that his company will add 640 megawatts of renewable electricity to its energy mix over the next two years through solar power and wind power projects.
- A World Bank report says that the circular debt of Pakistan's energy sector will reach 5.5 trillion rupees by the end of fiscal year 2023-24.
- Liberty Power, a private energy company, pens an agreement with the Engro Corporation to acquire all the thermal power assets of the former, including the Sindh Engro Coal Mining Company, for 125 million US dollars.
