

Weekly Media Monitor

June 3rd - 9th, 2024

This week's major news updates in Pakistan's energy sector:

- ➔ Research shows that Sindh government's climate-related departments have only utilized half of the 48.8 billion rupees allocated for climate-resilient development in the past 16 years.
- ➔ The Power Division denies reports that the government is considering to change the net metering policy enacted in 2015.
- ➔ Islamabad adds more than 160 electric buses in its public transport fleet, connecting the city's main sectors with each other.
- ➔ Methane gas inhalation kills 12 miners working at a depth of 1,500 feet in coal mines in the Sanjdi area of Quetta.

 Coal	 Oil & Gas	 Renewable Energy	 Energy & Finance	 Climate Change
Yet another coalmine tragedy	China, Pakistan agree to strengthen mining, oil and gas cooperation	Solar panel prices jump ahead of budget	Political chaos, exorbitant energy cost listed as key challenges	Environment emergency
