

Weekly Media Monitor

June 09th - June 15th, 2025

This week's major news updates in Pakistan's energy and climate sectors:

- ➡ Arrests are made at Thar Coal Block-I after the government accuses local villagers of disruptive protests over a land compensation dispute.
- ➡ Budget 2025-26 proposes 18 percent sales tax on imported solar panels, likely to slow down the ongoing solar adoption.
- ➡ Capacity payments for idle power plants peak at 3,000–5,000 megawatts in winter and 1,000–2,000 megawatts in summer, reveals Economic Survey of Pakistan 2024-25.
- ➡ Solar net-metering capacity rises to 2,813 megawatts by March 31, 2025—showing a 12 percent annual increase.
