

Weekly Media Monitor

May 12th - May 18th, 2025

This week's major news updates in Pakistan's energy sector include:

- ➔ A bill is introduced in the Senate to impose a levy on gas-based captive power plants to encourage their beneficiary industries to shift to the national power grid.
- ➔ Balochistan's initiative to solarize agricultural tube faces delays and administrative hurdles.
- ➔ The Pakistan Textile Exporters Association (PTEA) urges the government to rectify anomalies in the industrial electricity tariff because these anomalies discourage efficiency and competitiveness.
