

Weekly Media Monitor

June 16th - June 22nd, 2025

This week's major news updates in Pakistan's energy and climate sectors:

- ➡ The federal government unveils the National Electric Vehicle Policy 2025–30, targeting electric vehicles to be 30 percent of all new vehicles sold in Pakistan by 2030.
- ➡ The finance standing committees of the National Assembly and the Senate reject 18 percent sales tax on imported solar panels proposed in the budget 2025-26, forcing the government to revise the tax downwards to 10 percent.
- ➡ World Bank is likely to lend an additional 50 million dollars to Pakistan under the Electricity Distribution Efficiency Improvement Project .
