

Weekly Media Monitor

June 23rd - June 29th, 2025

This week's major news updates in Pakistan's energy and climate sectors:

- ➡ Sindh's chief meteorologist says coal-based plants are a major local factor contributing to and driving extreme weather events.
- ➡ Federal Board of Revenue (FBR) deploys tax officers at four leading solar energy companies in Karachi for 30 days to monitor their sales records.
- ➡ Member states of the United Nations approve a 10.3 percent increase in the core budget of the United Nations Framework Convention on Climate Change (UNFCCC) for 2024–25.

 Coal	 Oil & Gas	 Renewable Energy	 Energy & Finance	 Climate Change
‘Coal-based plants major drivers of heatwaves’	Oil markets on edge	Tax upheaval and our solar future	Power without a purpose	KP govt to form ‘Climate Action Board’
