

Weekly Media Monitor

November 27th - December 3, 2023

This week's major news updates in Pakistan's energy sector:

- ➔ Senate's standing committee on power finds the award of a contract by Nespak in an ADB-funded power project to be faulty because of the preference given to a local company on the basis of an outdated letter.
- ➔ European Union, United Arab Emirates (UAE), Germany, Britain, Japan and the United States cumulatively pledge 513 million US dollars to the global climate loss and damage fund at COP-28 being held in Dubai.
- ➔ Ghani Chemical Industries Limited (GCIL) decides to set up a 7 megawatt coal power plant at Port Qasim to overcome rising electricity prices. The plant will run on a mix of local and imported coal.
- ➔ Governments around the world pledge during COP-28 to triple global renewable capacity by 2030.
- ➔ The State Bank of Pakistan informs the Senate's standing committee on finance of its decision to penalize some banks for failing to check money laundering through solar panel imports.
