

Weekly Media Monitor

Sep 14th, 2026 – Sep 20th, 2026

This week's major news updates in Pakistan's energy and climate sectors:

- ➔ The Petroleum Minister, Ali Pervaiz Malik, warns that fuel prices could reach 1,000 rupees per litre if shortages emerge. Petrol prices in Pakistan have already risen by 50 per cent amid global oil market disruptions.
- ➔ The Ministry of Energy launches Pakistan's first 400MW electricity wheeling auction under the competitive power market. A total of 800MW is planned to be auctioned over the next five years.
- ➔ The Privatisation Commission proposes divesting 51 to 100 per cent shareholding and management control of each power distribution company (Disco). The EOI process has been completed for IESCO. Ten parties have been pre-qualified for FESCO and 11 are under evaluation for GEPCO.
- ➔ The Central Power Purchasing Agency (CPPA) seeks a 1.73 rupees per unit increase in electricity tariffs for August under the monthly fuel adjustment mechanism, including for K-Electric consumers.
- ➔ The All Pakistan Mine Owners' Association agrees to comply with sales tax requirements on locally produced coal and to implement the Federal Board of Revenue's digital invoicing system

 Coal	 Oil and Gas	 Renewable Energy	 Energy and Finance	 Climate Change
Coal mine owners say will ensure sales tax compliance, digital invoicing	PD proposes Rs75bn fuel relief scheme	Strengthening the solar ecosystem	Power market: from paper to practice	Are parties prepared for COP31?
